

Not All Facilities Will Qualify For This Opportunity!

Due to the tremendous demand for Canadian Hydrogen Energy Company Ltd.'s **“Hydrogen Fuel Injection System,”** we must expand our Installation network immediately! We are about to expand our **“Certified Installation Centres”** in the United States by 10 centres over the next 3 months. We are qualifying facilities on the following 5 points:

1. Fully equipped, modern diesel shop.
2. On staff licensed diesel mechanics.
3. The ability to do installations daily in the shop and/or in the field.
4. Complete service and approved warranty work as required.
5. Stock limited **“Hydrogen Fuel Injection”** inventory to ensure quick response for installations and service work.

Canadian Hydrogen Energy Company, exclusive licensee of the patented “Hydrogen Fuel Injection System” (HFI) will be setting appointments to qualifying facilities for the next 4 weeks in your area. Call now to reserve a time block for your company.

For more information on this opportunity and an overview of our detailed marketing plan for bringing the business to your centre call us at **1-800-550-4066** or by e-mail at: jdemarco@chechFI.com or jatwell@chechFI.com or jdegani@chechFI.com

Don't miss this opportunity to add an additional profit centre to your facility and to be part of the “New Hydrogen Revolution”, call today! Installation Centre rights are limited and based on availability in your area as well as the qualification of the individual locations.

Yours truly,

Joe Demarco
